

Taha Aliasgar Badami

Technical Support Intern — L1 Support & Debugging

Pune, Maharashtra | +91-8482843350 | badamitab@gmail.com | LinkedIn: Taha-Badami

Professional Summary

Entry-level technical support professional with hands-on experience as the first point of contact for 70+ weekly technical issues across a 100+ workstation environment, achieving a 90–95% first-contact resolution rate. Comfortable with Python scripting, Linux, and REST API concepts from coursework and personal projects. Brings a calm, detail-oriented approach to debugging, clear written communication, and a habit of documenting issues and resolutions for team consistency.

Technical Skills

Support & Troubleshooting: Ticket Triage, L1 Technical Support, Root-Cause Investigation, Escalation, Knowledge-Base Documentation

Programming & Scripting: Python, SQL

Systems & Networking: Linux (Kali, Ubuntu), Windows, TCP/IP, DNS, DHCP, LAN/Wi-Fi Troubleshooting

APIs & Web: REST APIs, JWT Authentication

Tools: Git, Active Directory, VMware, VirtualBox

Work Experience

IT Support Engineer — Olympus Computers, Pune

Sep 2024 – Sep 2025

- Served as first point of contact for 70+ weekly technical issues via tickets, diagnosing OS, network, and hardware faults with a 90–95% first-contact resolution rate.
- Monitored 100+ workstations for anomalies, proactively flagging and resolving issues to sustain 99% uptime.
- Documented issues, resolutions, and recurring patterns to support consistency and faster diagnosis across the support team.
- Escalated unresolved issues to senior administrators with clear observations and reproduction steps.
- Managed user accounts, permissions, and Active Directory configuration to maintain secure access control.

Projects

Secure Remote Administration Tool

Dec 2024 – Feb 2025

Tech Stack: Python, Socket Programming, Threading

- Built a Python-based remote administration tool for authorized Windows system management with multi-client support and remote command execution.
- Implemented authentication and session logging to maintain audit trails, gaining hands-on debugging experience across networked, multi-client scenarios.

Student Management Portal (Full-Stack)

Jan 2025 – Feb 2025

Tech Stack: React, REST API, JWT Authentication

- Built and debugged a full-stack portal with JWT-based authentication and REST API-driven data flows.
- Applied client-side validation and structured error handling to catch and resolve data inconsistencies.

Penetration Testing Lab Environment

Ongoing

Tech Stack: VirtualBox, Kali Linux, Python

- Wrote small Python scripts to automate reconnaissance and basic validation checks during lab exercises.
- Monitored system logs and network traffic, documenting findings in structured reports.

Education

Bachelor of Computer Applications (BCA) — Abeda Inamdar Senior College, Pune 2022 – 2025
CGPA: 8.4 / 10

Higher Secondary Certificate (HSC) — Maharashtra State Board, 62% 2022

Secondary School Certificate (SSC) — Maharashtra State Board, 77% 2020

Certifications

Cisco Certified Network Associate (CCNA) — Sysap Technologies 2023

Certified Ethical Hacker (CEH) — EC-Council 2025

Computer Hacking Forensic Investigator (CHFI) — EC-Council 2026
